Zen Token

Principles of Zen Token

- Blessings, luck and joy to the sangha
- Auspicious numbers (cosmic blessings)
- Purification and Good crypto Karma (donations and good deeds)
- Non-attachment (burning tokens)
- Liberation (DAO)

The cessation of crypto suffering begins here.

Token built on the principles of the Noble Eightfold Path and the Laws of the Universe.

Join the sangha for the refuge, receive blessings, cultivate good karma and walk the journey toward enlightenment.

End of Samsara.

Crypto is liberation, mindfulness and dharma.

Zen Token: Path to Joy and Enlightenment

Zen Token is a digital asset created by the Universe to bring you auspicious life, prosperity, sharing wisdom of Buddhism and spirituality.

Mindful community is created, a sangha, where blessings, good karma, and collective growth are shared by all.

Zen Token invites everyone to Noble Eightfold Path toward a harmonious life and prosperity.

Why Zen Token?

- *To practice wisdom, to experience luck, blessings and prosperity*

- *To teach impermanence, purification and create good crypto karma*

The Dharma of Distribution

Total Supply: 88,888,000 ZEN

Numbers chosen with auspicious vibes-because the universe likes a good pattern.

- **Liquidity Pool:** *Ensures smooth and fair exchange for all sangha members, smooth swaps and effortless flow-like a river.*

- **Blessings & Airdrops Reserve:** *Used for sharing digital blessings, surprise airdrops, and NFT gifts to nurture generosity and joy.*

- **Eightfold Path DAO:** *A treasury for community proposals and decisions, guided by ethical principles.*

- **Project Reserve:** *Supports ongoing development, community events, and the flourishing of our sangha.*

How Zen Token Works

Each transfer of ZEN reflects the law of impermanence, non-attachment but also generosity:

- 1% fee on every transfer

  - 34% of the fee is shared among all holders-spreading blessings to the community and 12% goes to goes to Blessings Wallet ("**Blessings**")

  - 54% of the fee is burned-reminding us of the transient nature of all things ("**Purifications**")

Example: Send 1,000 ZEN. 10 ZEN is the fee; 3.4 ZEN is shared with the sangha, 1.2 with the universe, 6.6 ZEN is released into impermanence and emptiness.

Sangha Blessings

The Blessings mechanism empowers our community to collectively distribute accumulated funds in the Blessing Wallet in a transparent and participatory way. A dedicated Blessings Wallet receives a portion of every transaction fee. Periodically, community members can nominate and vote (e.g., via Google Sheets or off-chain polls) for individuals or causes they believe are deserving of blessings. The chosen recipients are then awarded ZEN tokens from the Blessings Wallet. This process embodies principle of *dana* (generosity) and ensures that the flow of blessings is guided by the wisdom and compassion.

Metta Lottery

The Metta Lottery is a recurring event designed to share loving-kindness and excitement within the Zen Token community. At regular intervals, 20% of the current balance in the Blessings Wallet is awarded to a randomly selected eligible participants. Eligibility may be based on holding ZEN tokens and activity. The lottery process is conducted transparently, with all draws and distributions publicly announced.

Community & Guidance

Our sangha is open to all who wish to walk the path-whether you seek wisdom, blessings, or simply a mindful space for digital riches in this Earthly reincarnation. The spirit of the Buddha and the bodhisattvas inspire our journey.
